

Eterea takes inspiration from the classic lantern, proposed in its essential forms, with pure and geometric lines.

Eterea can sit on the ground or hang on a wall hook. It comes with a cord and plug, and a wall bracket is also available for permanent installation. The fixture is protected with anodizing treatment, epoxy powder base coating and polyester painting in white, corten, or anthracite. By its diffused light, it perfectly fits on terraces, gardens and arcades.
