

Create illuminating walls with the Lum. The Chilean designer was inspired by Chile's most obtainable raw material, copper.

Using basic panels and light panels; make it possible to create different design configurations. The installation is easy with metal strips (to be ordered separately) and the standard magnetic mounting system. The wiring is also simple with a plug and play format.

Surface Wall

17" x 8"

Colors

● oxidized copper

● copper

Notes

Copper 100% recyclable, electrolytic copper sheets are energy efficient during production, antimicrobial copper that fights against bacteria growth

Features

→ Panels with or without light

→ Panels are interchangeable

→ Light strips for top, middle or bottom
