LED 6,5W 3000K CRI 80 **800lm**  
120 V

The Jackie series is not only a functional table and floor lamp, it is also a spotlight, identified in the wall and ceiling versions.

Jackie wall version is the ideal solution as a reading lamp positioned over bedside tables. Dimming by way of a 5 step touch dimmer with programmable memory.

Jackie - ceiling version offers the highest light performance of 800 lumens.

Non dimmable.

LED 6.5W 3000K CRI 80.

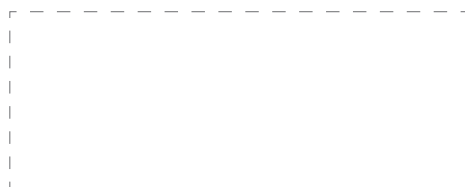

We use cutting edge LED in constant current to accomplish this efficiency.
