

Fino and Bunga are tubular series, offering both surface and suspension applications. Fino features a square design, while Bunga is round. Both models incorporate a satin-finished diffuser, known for its timeless appeal in any setting.

Crafted from PMMA, the diffuser encases the entire light source, delivering a soft, even pool of light. Customers can choose from two end cap styles: solid aluminum or an aluminum ring with a colored diffuser (exclusive to Bunga Plus). The end caps are available in 29 colors, with the colored diffuser options in green, blue, red, orange, yellow, or opal.

Both Bunga and Fino variants are customizable in length and support the 'Identity' feature, allowing for bespoke laser-cut lettering.

Surface

Fino - 2" x 3" length: 35" | 46" | 57" | 68" | 79"

Bunga - Ø 4" length: 35" | 46" | 57" | 68" | 79"

Suspension

Fino - 2" x 3" length: 35" | 46" | 57" | 68" | 79"

Bunga - Ø 4" length: 35" | 46" | 57" | 68" | 79"

Bunga Plus - Ø 4" length: 36" | 47" | 59" | 70" | 81"

(all sizes are using approximate measurements)
