A complete family of the classic architectural disks, Sign Diva plays with various sizes, in classic or unconventional arrangements.

The wide range of sizes and variants in the Sign family prove their strengths in large-scale projects, while also conveying a sense of belonging perfect for a variety of applications. In playing with various sizes and arrangements, Sign Diva becomes a formative architectural element that provides flair and stimulation for guests. All the lamps can be finished in one of 29 standard color finish options.

Notes

The KORONA FRAME is a design element in which the diffuser is set back 15mm into the light fitting, illuminating the colored edges visible at the sides.
