

Half is a true emotional interpretation of the moon. Taking the ultimate simplicity of a circle and subtle movement and creating a dynamic luminaire.

The collection is formed by two hemispheres, the bright and the dark. Half is constructed with a E26 lamp base, and made from stamped steel, and satin opal acid-etched blown glass for a perfectly diffused and omnidirectional light distribution.

#### Surface

Ø6" (1) | Ø6" (2)

#### Suspension

Ø6" (1) | Ø6" (3) | Ø6" (5)

#### Portable Table

Ø6" | Ø9" | Ø13"

#### Portable Floor

Ø6" (2)x66" | Ø13"x49"

#### Colors

● matte black

● mink

#### Notes

Rubber stops where the sphere sits on the stand for protection

#### Features
