Hadi is a super flat LED luminaire that is designed for office spaces because of it's high efficiency at 85%, and UGR of <19.

The intelligent fixture design and quality of light allows a single fixture to illuminate two office desks. With the Edge Light technology, it offers maximum efficiency and homogenous illumination with its micro-prismatic sandwich diffuser. Hadi is a sleek and unique design that can complement single offices to open space lighting grids.

Notes

Cable offered in five finishes, Available in 3000K, 3500K and 4000K, CRI >90, Aluminium housing only 16mm thick

Features

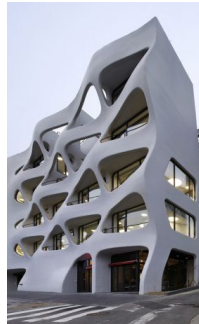

→ Compatible Insert to Hypro System → Direct or direct / indirect lighting (aura effect)
