ETEREA large

DESIGN EXTERIOR LIGHTING

Eterea takes inspiration from the classic lantern, proposed in its essential forms. Ancient memories are constituted by pure and geometric lines, able to create an incorporeal volume, made up only of light. By its diffused light, it perfectly fits on terraces, gardens and arcades. Eterea just like the classic

lanterns, can be placed directly on the ground or fixed to a wall by means of its bracket. A touch of functional design is given by a transparent clip to secure the cable to the vertical uprights. Eterea is now also available in small, medium and large battery-powered version.
