Do not plug in or unplug the
connector when power is on!

120V 50/60HZ

OPERATION AND USE INSTRUCTIONS

ATTENTION: PLEASE READ AND SAVE THESE INSTRUCTIONS

The safety of this fitting is only guaranteed if the instructions are followed carefully.
Installation and all non-routine maintenance must be carried out only by qualified personal.

Disconnect main voltage before taking any action on the fitting.

Zaneen is not responsible for any damage to persons and/or property resulting from improper installation, misuse, or unauthorized modifications made to their products.

-Fasten the bracket 1 to the ceiling.

- Connect the cables from the power supply to the terminal by following the wiring diagrams on the page.
Connect the steel cable to the ground terminal.

- Lock cable anchorage screws 4

- Adjust the length of the cables and close the canopy 2.

- Insert the glass shade (5) and tighten the screws (6).

Regulating the glass shade:

-Rotate the glass shade (5) until the heaviest part of the glass shade is not at point Z.

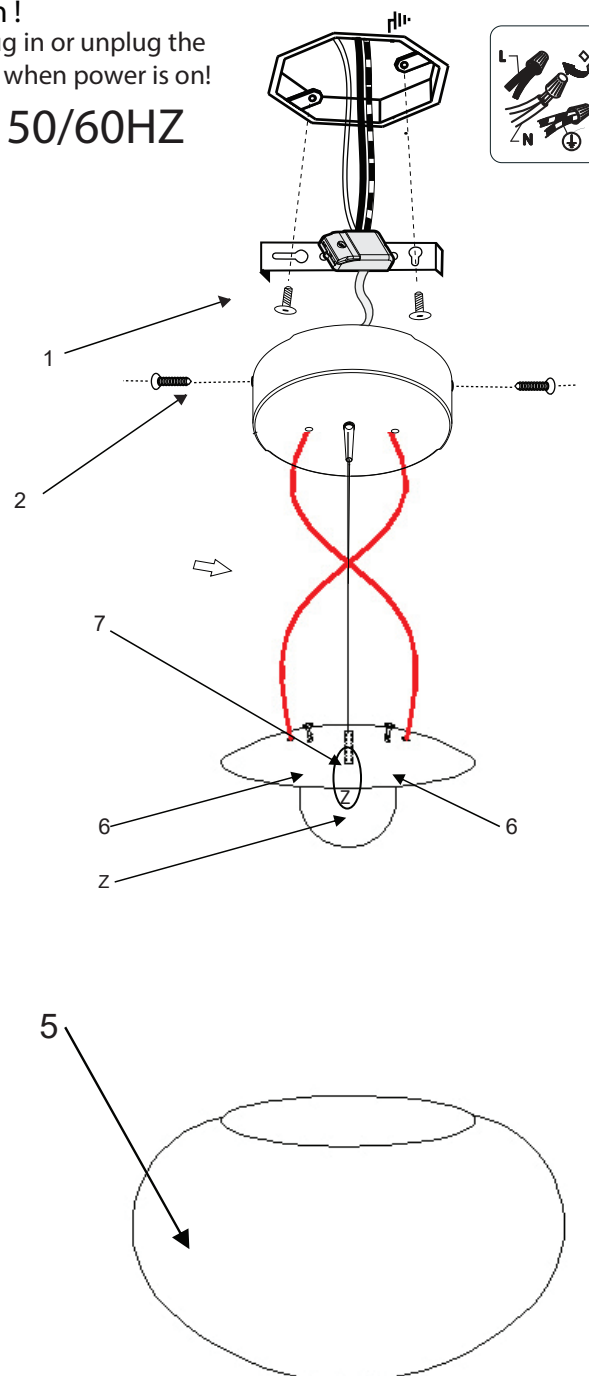

-Choose the most appropriate hole (7) in which to position the steel cable so that the glass shade is horizontal.

MAINTENANCE

Only clean the product using a soft cloth. To remove persistent marks use only a damp cloth and neutral soap

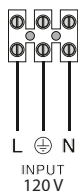

DON'T USE alcohol and/or solvent

Fixtures with led: the led cannot be partially replaced. If damaged all the power supply must be replaced.
