ARCHITECTURAL | JUST BLACK

The JUST BLACK product family is a comprehensive and versatile lighting solution in which a 5 millimeter-thin black line defines the path of the light. The trimless track blends almost seamlessly into the wall and ensures a visually flawless and maximally concealed appearance. With 90° connectors, the system can change directions, whether on the same level or at the transition between wall and ceiling.

Just Black 24V inserts are magnetically attached for easy installation, replacement and combination. They offer unrivaled flexibility to meet any requirement. Whether you prefer spotlights for focused lighting or a continuous LED line for homogeneous illumination, these inserts give you the freedom to create your lighting design as you wish.
