Expert Collaboration 12

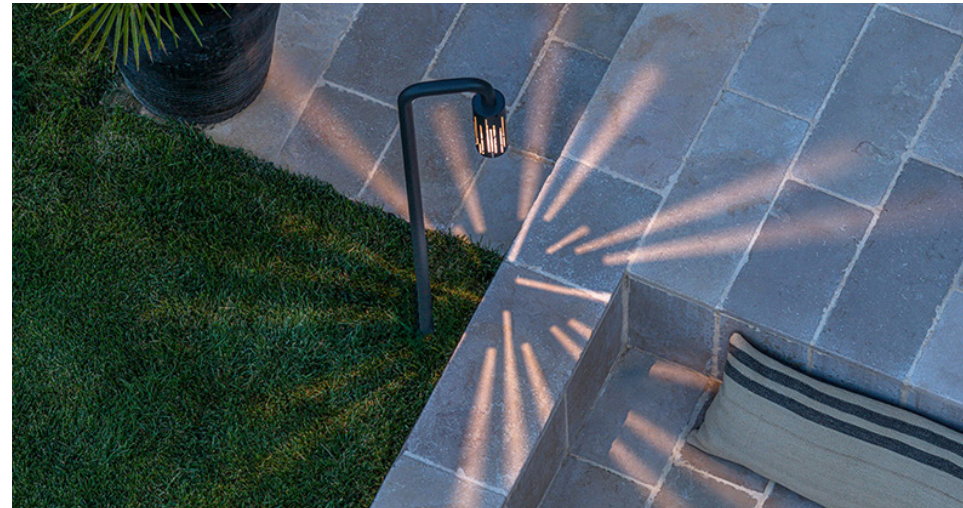

Light has the power to shape perception through reflection, diffusion, direction, and shadow. Our collection of luminaires is designed to create distinct visual experiences from soft wall grazing to precise accent lighting. Today's lighting trends focus on transforming spaces through atmosphere, emotion, and creative expression, allowing light to become an essential element that enriches environments with depth, warmth, and character.

Products

Airliner

Perforated design creates moving, geometric light and shadow patterns.

Adds a sense of motion and visual interest to outdoor spaces.

Available in surface and portable options, crafted in durable stainless steel.

Linear slits cast shifting, graphic light patterns across architecture and landscape.

Light movement adds depth, energy, and visual rhythm to exterior environments.

Surface, suspension, and bollard options unify outdoor lighting with a sculptural presence.

Esagono

Hexagonal shape lets the light rotate every 60°, for flexible aiming and vertical or horizontal use.

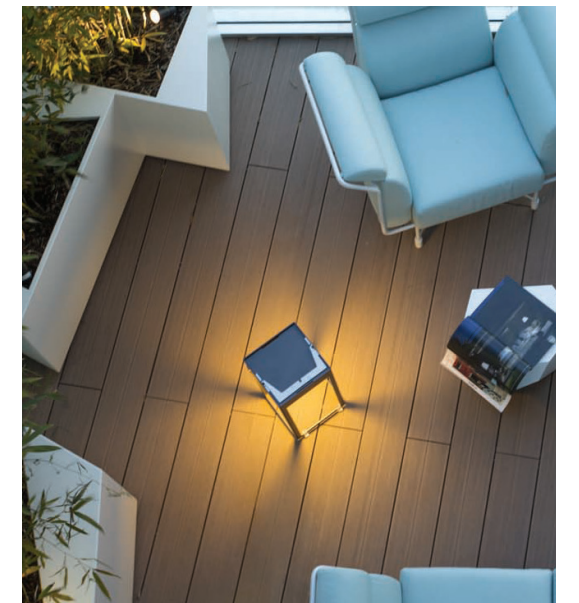

Ideal for wall bases, hedges, or as a slim garden pole light.

Eterea

Soft, diffused light ideal for terraces, gardens, and arcades.

Can sit on the ground or mount to a wall like a classic lantern.

Features a cable clip for neat placement and is now available in a battery-powered version.

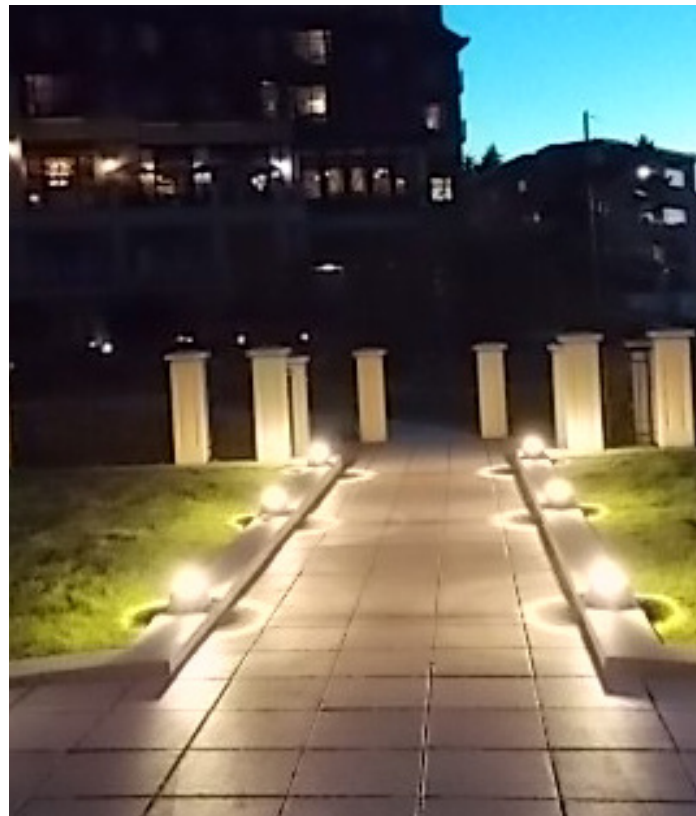

Little Rok

Inspired by a classic lighthouse, providing ambient and accent exterior lighting.

Offers one-way or full 360° light for focused pathways or general glow.

Mesh

Light softly diffuses through micro-perforations, creating a warm, cozy glow with gentle shadow play.

Glare-free and atmospheric, ideal for mood and ambient lighting in intimate settings.

Mini One 2.0

Compact cube design with clean, seamless look and no visible screws.

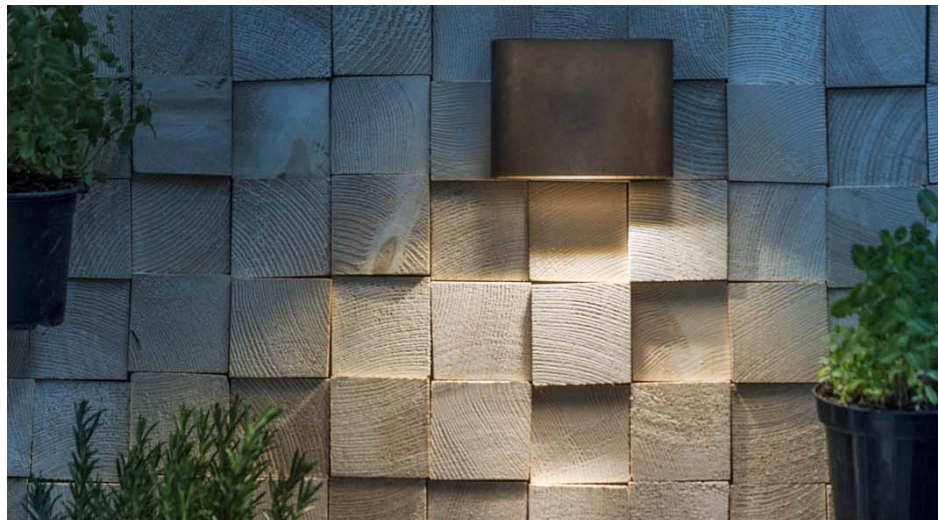

Choose two-window, four-window, or blade-of-light designs for different ambient and accent effects.

Modern cube that projects clean, geometric beams that graze surfaces with refined precision.

Its seamless cube form hides the source, creating pure light effects whether used as a wall light, ceiling accent, or floodlight.

Passo

Surface light that creates soft shadows and reflections for a unique look.

Available in corten steel for a bold, solid feel or frosted stainless steel that reflects surrounding colors.

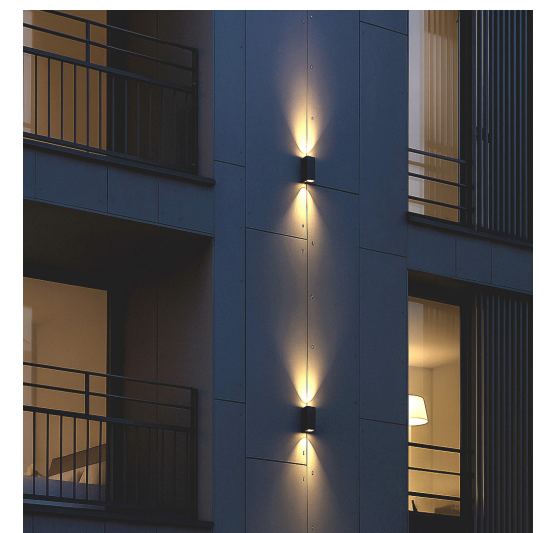

Minimal design that works as a statement piece in both modern and classic spaces.

Quadro

Modern rectangular form with direct & indirect architectural illumination.

Surface-mounted design ideal for enhancing exterior facades and pathways.

Rippling

Decorative rippled form creates dynamic light and shadow effects on surrounding surfaces.

Versatile system with wall, ceiling, and bollard options in two sizes each.

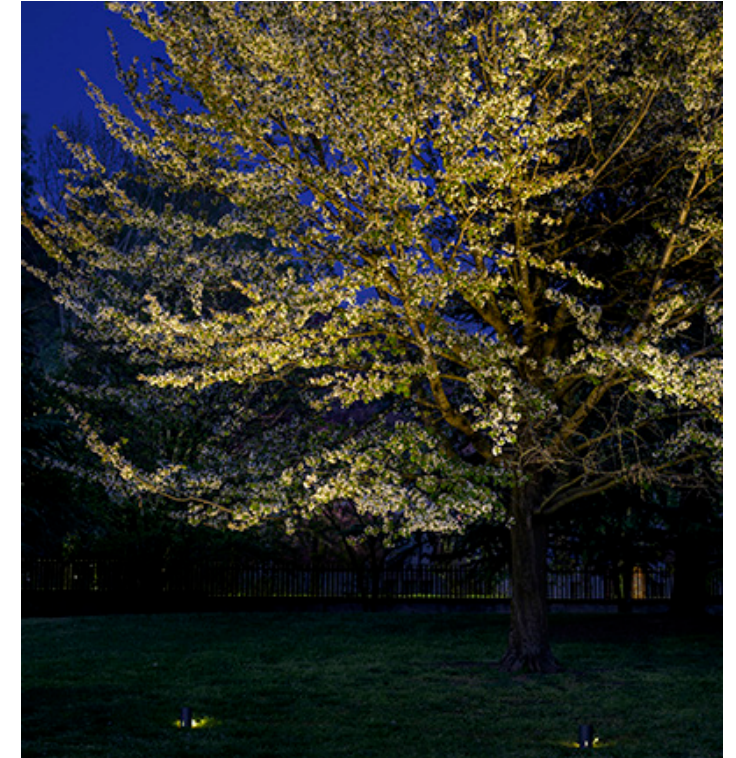

Designed to blend into architecture and landscape, enhancing pathways, facades, and gardens.

Curved-wall design creates elegant, diffused illumination to highlight architectural forms and landscape features.

Minimal, sculptural aesthetic brings subtle decorative impact while enhancing outdoor pathways and open spaces.

Shield

Sillabary

Window-sill mounted exterior light that highlights window frames and architectural details.

Soft, atmospheric illumination creates inviting ambiance and visual interest on facades

Solaris MCL

Adjustable 0°-60° wall-mounted illumination for precise exterior accenting and wayfinding.

Slim, minimalist form with pure aluminum reflector and clear tempered glass for a crisp architectural look.

Expert Collaboration

Working with Zaneen extends beyond choosing advanced lighting solutions. It is a partnership built on commitment to your project's success. Our team provides expert insight, tailored support, and reliable execution to bring your lighting vision to life with precision and confidence.

Throughout the design process, lighting intent is explored, tested, and refined as the project evolves. We collaborate with your team to shape light effects that respond to architecture, materials, and atmosphere, from ambient layers to architectural highlights and controlled accent or grazing effects. Every decision is guided by purpose, technical precision, and visual comfort.

ZANEEN

Internationally recognized North American provider of premium European lighting, offering innovative solutions across four divisions.
